- Report for EV's. (Battery Voltage/ADC).

- Add temperature report

The image shows a mobile application interface for adding a temperature report. At the top, the status bar displays the time 4:33, signal strength, 4G LTE, and 90% battery. Below the status bar is a header with a back arrow and the title "Temperature report". Under the header is a search bar with a magnifying glass icon and the text "Select Vehicle". Below the search bar is a date and time selector. It shows a calendar icon, the date "2023-04-10", and the time "00:00", followed by the word "to", another calendar icon, the date "2023-04-10", and the time "16:33". To the right of the date and time selector is a button labeled "APPLY". The bottom of the screen shows the standard Android navigation bar with back, home, and recents icons.
